

Senior Full-Stack Javascript Software Engineer (m/f/x) at BurdaForward in Bari

At BurdaForward...

we have a common mission: to support and provide people with individual, reliable and solution-oriented content throughout the day and help them lead a better life. That's why we do not only outline problems but point out how things can be improved - in society and in everyday life. We combine first-class journalism with innovative technology and we happily welcome anyone who wants to join us!

Bari is our product and development site and gains from the rapidly growing local tech community.

What you can expect from us...

Your tasks:

- You'll be working on a product and not projects
- This is a hands-on position : you'll develop new features and services in close collaboration with the product owner and the development team
- You'll define and build the architecture and application stack in collaboration with the team
- You'll contribute, communicate and cooperate closely across all BurdaForward teams, such as UX, Operations and Data Science
- You'll guide junior developers

What we would expect from you :

- You have at least 5+ years of working experience in designing and developing web applications and architectures
- You have knowledge of state-of-the-art backend technologies, such as serverless framework (AWS Lambda), node.js and other JS frameworks
- You have solid knowledge of frontend technologies (HTML, CSS, JS) and corresponding frameworks (e.g. Angular)
- You have experience with JavaScript ES6-ES7 and Typescript in both frontend and backend
- You have experience with NoSQL, Databases, RESTful, microservices, web protocols, event driven architectures
- You have experience with native cloud development (AWS), CI/CD, autoscaling, infrastructure as code
- You have strong problem-solving skills and can speak/write English fluently

Deadline : 31.August 2020

BurdaForward

That's good news

BurdaForward is the digital media house of the future. Our strong network is based on the journalistic brands FOCUS Online, CHIP, Finanzen100, NetMoms, The Weather Channel, EFAHRER.com and cardscout. We already inspire more than every second internet user in Germany (agof daily digital facts April 2019) and we are a driving force in the public debate - also by tradition: BurdaForward is part of Hubert Burda Media, a family company with values. As a publishing house that has been writing media history for more than a hundred years Hubert Burda Media assumes social responsibility by supporting cultural and social organisations to this day.
